

**Join with us this Sunday, at 7:45 a.m., for live, in-person communion service in the parking lot at Grace St. Paul's.**

The service will include all parts of our regular liturgy with prayers, readings, Affirmation of Faith, Prayers of the People, Eucharistic Prayer and COMMUNION served in one kind, using a no-touch system. There will be no music or singing at this service.

Cars should be parked on the street or in the Medical Square lot across Norton Ave from GSP. Please arrive early enough to safely negotiate the inevitable logistical problems.

Chairs will be set up, but bring your own seating if you wish. Water bottles and hand sanitizer will be available. Restrooms at the north end of the cloister/breezeway will be open.

All attendees will be required to wear a mask and stay six feet apart (we will have masks available). Family units may remain together. Children will gather on the labyrinth during the 7:45 a.m. service, socially distant of course. Regular Zoom Sunday School is at 9:15.

Printed service bulletins will be available, but we ask that you consider downloading an electronic version in advance if possible.

No physical Offering plate will be passed. Offering boxes will be placed in strategic locations to receive donations.

There will be no "coffee hour" after the service. We can and should greet each other with virtual hugs and waves as we quickly disperse after the service.
